WE DEDICATE

In order to appropriately dedicate this yearbook to Mr. Fred C. McDavid, our superintendent, it is necessary for our thoughts to journey backward in time. To appreciate Mr. McDavid's contributions we must look back to all the decisions and follow-up tasks demanded by the selection and approval of the minute and the important in everything from a pupil's desk to the location of the auditorium; back to the coordination and cooperation required by the public parentage of our school; back to the choosing of the faculty and the registering of the student body; back to the formulation of policies and their administration; back to the corner-stone laying and our school's opening day; back to his selection of an excellent staff to assist him in carrying out his responsibilities; and back to the culmination of all these efforts which was realized in the dedication of Richwoods Community High School on November 17, 1957. From this backward look we gain the perspective needed to fully appreciate all of the splendid achievements of Mr. McDavid and his assistants. This over-all view spurs us all on to a forward look into a brighter future for Richwoods under the leadership of our superintendent to whom this first edition of the EXCALIBUR is respectfully dedicated.

BOARD OF EDUCATION

Looking forward is progress. Richwoods Community High School now stands on the area once known as a non-high school district. High School District Number 312 was formed. From the time the first high school board of education was elected and organized on August 21, 1951, the members all worked toward progress. The board sought and gained the authorization of the people to plan and build this new high school in the Richwoods District, north of the city of Peoria.

When on September 3, 1957, the school opened its doors to a new student body, progress had become a reality. Without our excellent and interested board of education, this progress would never have been achieved.

JUNIOR CLASS

Now that our junior year is coming to a close, let us review some of the important highlights. We started off the year by electing class officers and student council representatives. Next we awaited the arrival of our junior class rings. Throughout the year we attended many dances, but the one we shall remember longest is our wonderful Junior Prom. Now that we have turned the clock backward to glance at past highlights, let us look forward to another wonderful year at Richwoods Community High.

CLASS OF 1960

The school year of 1957-58 will long be remembered by the sophomores. We chose wisely our class officers and representatives for the student council. Many of these school leaders tried out their leadership abilities for the first time and proved great successes. The traditional geometry and biology classes for sophomores required many long hours of study. New activities were introduced to us this year. A few of our boys made the varsity football and basketball squads, promising us an experienced team within the next two years. Yes, this has been a good year, but we look ahead to even bigger and better things next year as juniors.

CLASS OF 1961

On September 6, 1957, 365 eager, but frightened, freshmen entered the halls of Richwoods Community High School.

During our first year in high school, we "freshies" had many firsts. Among them was our first big high school football game when we all went with the gang. The girls had their first crush on a senior hero. Our algebra and speech classes proved to be more fun than we had expected.

Class Officers and representatives for student council were chosen with care. Our class of 1961 is looking forward with anticipation to the three remaining years at Richwoods Community High.

SCHOOL LIFE

Cheerleaders lead the student body during pep assembly!

Pom Pom girls in action.

Highstrutters of R.C.H.S. perform.

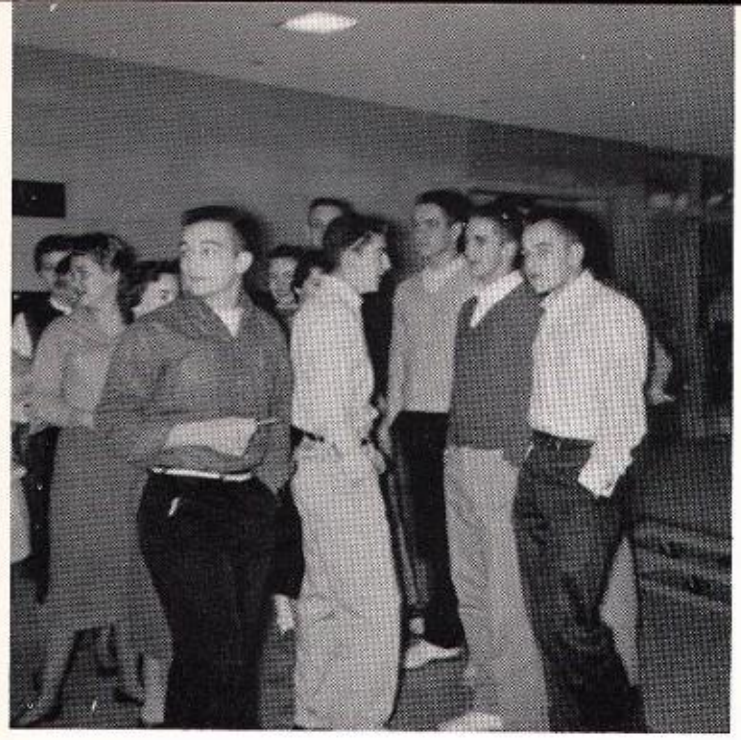
My! This hall looks lonesome!

Yes, here's the room you're looking for.

Mr. McDAVID and counselors welcome parents.

SCHOOL LIFE

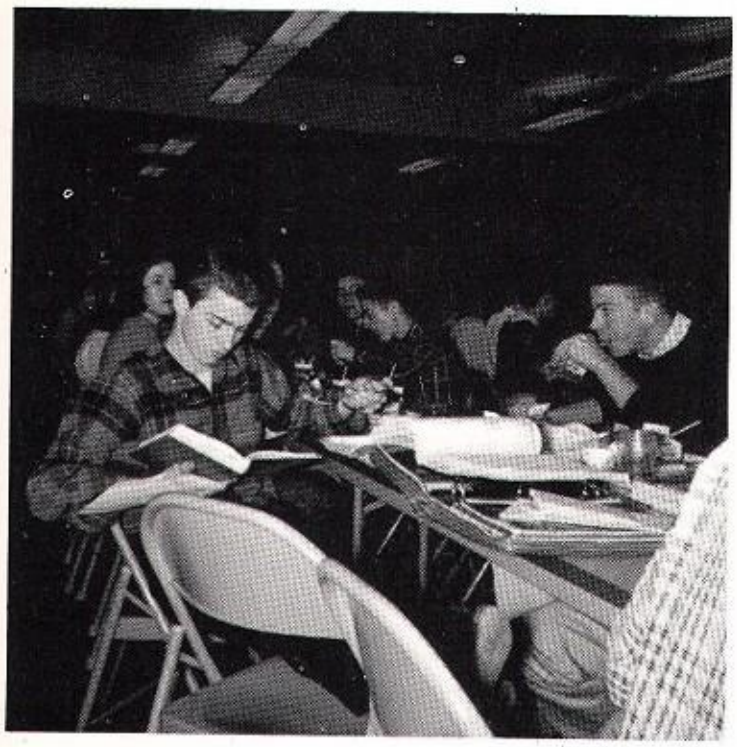
Oh! What a winter we had.



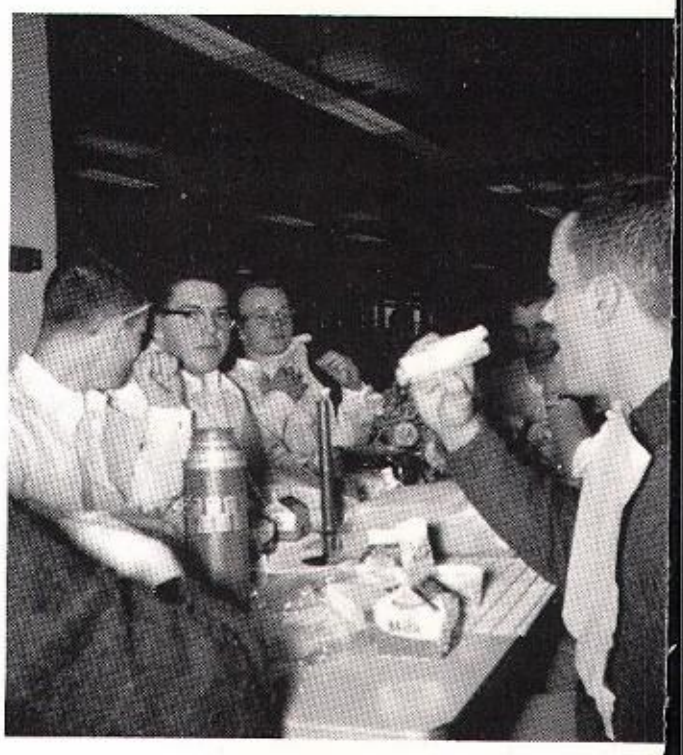
Let's take a second look at that!

What are you going to wear to the dance!

Just waiting for the busses!



Can you imagine studying at this time!



You'll always find them eating!

Malcolm makes an after dinner speech!

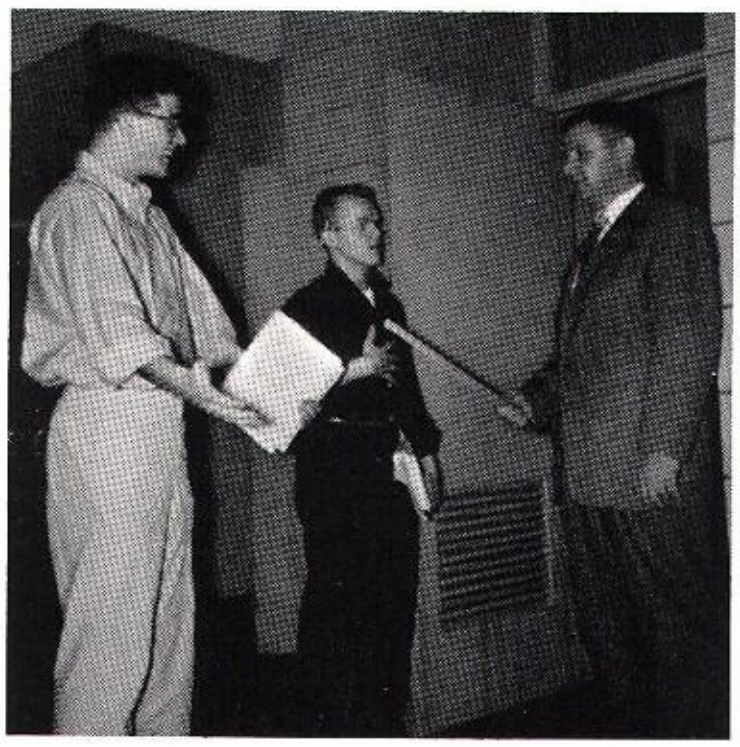
The bell has rung, Jim.

But girls, I'm only a freshman.

Look who's the center of attraction.

Heidi uses pencil sharpener to apply lipstick!

Don't use your influence to cut in line, Boys!

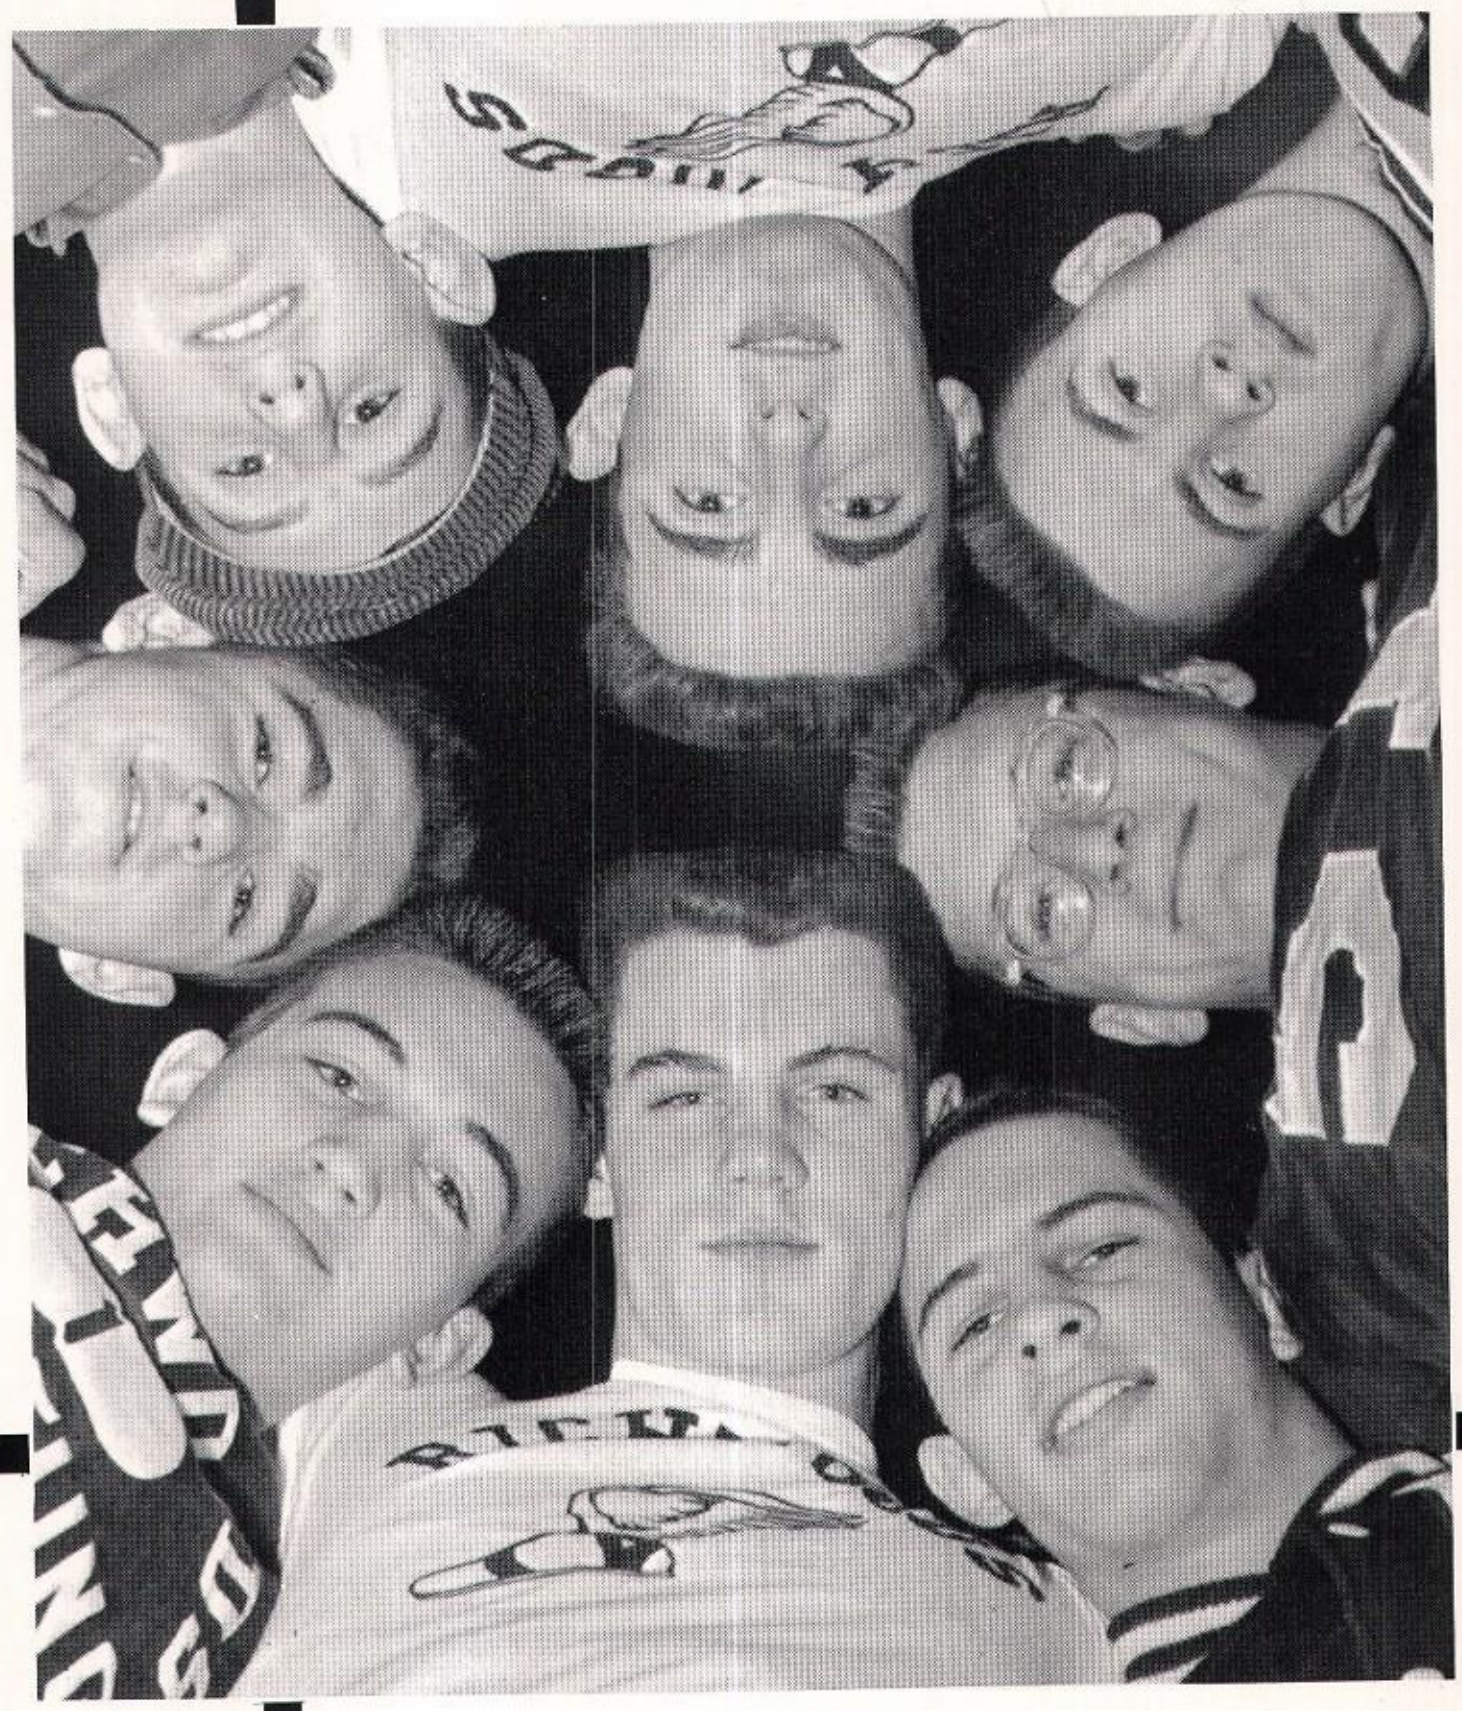


Late again!!

Mike, center of attraction in class!

Mary Jane and Marty enjoy dancing!

SPORTS



FOOTBALL

The Knights first football season proved to be successful in many ways. Although they won only two games, they established a reputation as a team to be reckoned with. In doing so, they also helped Richwoods gain the respect of many other schools. The students were very proud of the 2-4-3 record which the team turned in against tough opposition. Coach Juska and the whole school is looking forward to the second great year of Richwoods football.

A Word About Spring Sports

Due to publication deadlines, we are not able to carry complete coverage of spring sports in this volume of the EXCALIBUR. Since Richwoods is a new school, we could not carry last year's spring sports as is usually done. The 1959 EXCALIBUR will feature track, baseball, golf, and tennis along with all other sports. We are all looking forward to another great year of Richwoods Sports.
